

For Android users: synchronize the “Mets tes baskets” app with Health Connect.
PLEASE NOTE: Health Connect alone does not count steps.
It must be connected to a compatible pedometer app...

**Application
Mets tes baskets**

version 4 or higher

HealthConnect

**For Android 14
or later,**
Health Connect is built
into the system.
**For Android 13
and earlier,**
you need to download
Health Connect
from the Play Store:

**1 step-counting app
compatible with
Health Connect**

...
